

Feb. 26 - 1943.

My Dear Wesley and Mammie - This won't be much of a letter I guess because it is mostly, Wesley, to send your birth certificate. As I am the only living witness that my children were born - I think I had better get them while the getting was good. So I got them all in my own hand writing - It seems like everyone is supposed to have one - or sometimes it makes some trouble and expense. So I got them all - I know you will take good care of yours. Sometime perhaps your children will appreciate it.

I have been looking for Mary Ida for some time now - but I have not had a word from her or Helen either. I don't even know when they started down here - from your mail and a card to her I guess you think she is here. but I guess she will get here O.K. I'll still look for her.

I hope you are all well now. I am
real well myself.

H. D. and family are here and well.
Ida and family are well. We have
been having a lot of rain and wind and
cold - but the sun is shining now and
it is warm and nice.

Lots of Love and good wishes to all
the family

Lovingly Mather (R).
