Dear Boy

I am sitting here wondering if you are coming down this Winter. Norrington was here yesterday and will furnish paint - to paint the house and if you were coming would get it and get you to do the painting for me while here. So far I have not been off the lot yet - but am getting better. Just started about 8 da ago. It has cleared now, has been raining and has been quite cold snow is down on the mountains closer than I have seen it before. The desert had nearly 1 foot - something new. There should be rates on for Calif. soon now if you are coming keep in touch with the R.R. Ticket agt. and find out. This is only one day usually, and you have to watch close or you will miss it. If you come with stock let me know just about the time you will be here. There is no news much. Pentak went to Frisco just 1 wk to da, and is at work again. Every body well. G & family well last herd of their boy's girl $7\frac{1}{2}$ # was born Dec. 7. 20 da. ahead of Ougi's $6\frac{2}{3}$ one

Will do you think you could find me 8 or 10 young pullets or hens that are laying now or would soon?

I miss the chickens here if they can be got for 1⁰⁰ I would like them sent down 1/2 doz would be o.k.

How has your hogs done? and when will you sell them? I am looking for you down soon.

Tell me about the election as the Loan association and who is the Treas. & Sec. and of the low down of the town & other news in general. Every body here well & happy. Am hoping to get down on the Pike soon. Mama joins in love to all

Sincerely

W. O. Ream
