

My Dear Helen Mae -

I was so glad to get your nice letter. I should have answered sooner but Aunt Roxie and I have been so busy. I have got up now to write while she is asleep. I got up early took my exercises - a cold bath - and she has not woken up yet. I am so glad you could stay with Helen and Milton and go to school this year. It will be better than riding a cold old bus back and forth in that cold country. Then too they have such nice schools in California. Are you close enough to walk to school? How do you like it by now? Of course you have not gone long enough to really know yet. I know. Milton and Helen will be very good to you and you can be a help to them too. I know you will love to be with the baby and take good care of it and help Helen in every way you can. Then too study good and get good marks in school. This is not every young lady your age gets the opportunity you have. It will make your Father and mother happy too if you do well. I will be proud of you too. I have not heard

a word about Jean - I don't know if he
intends to come back here or not.

I had a letter from Grandpa and he said
they were having frost there already -
I da and her family have come home from
their vacation. They were glad to get home.
I think school starts here on Sept. 11 -

Write to me again when you have time -
Tell me all about your school.

Lots of love

Grandma.
