Dear Jane,

I was surprised and pleased to hear from you I that you would like your gloves and you will need them too when it gets good and cold. Tell your daddy and mother I liked my hose because they were just what I needed. They fit very well with a dress I have. I hope the girls liked what they got. I am very anxious to see your new sister. I can't think of what would be pretty

to names here unless twice
on Ruth or Afton or Brown
I think George is pretty. I
like names that aren't too high-
faltering. I like Fa Rue - too
and it goes well with steam.

You said that Helen went
to the children's dance. Didn't
you or Jean go? I didn't

go to any kind of a dance

as it wasn't very exciting
for me but I did

have dinner with Uncle
Faham and Aunt Ruth.

Did you know you had
a new Aunt Ruth?

She is a very lovely
lady and I know you
will like her when you
see her.

I hope you like school
this year. You write me
nice letters I would like
to hear from you again
some time.

Give my love to all
the family especially the
new sister

Steph of love
Beulah.
