Dear Wesley and Mammie,
I was glad to hear the call
came thru. but were you
surprised it was for the
Eastern States? You will love
it there.

What do you think about
Helen & La Var going to Guam.
This just goes to show that
time marches on and this
is an ever changing world.
I want to send you a little
money every month to help
out but I am going to try
to do it through your Bishop
as it can be taken off income
tax. If this can not be
done.

I will send it direct
to you + when are you going.
Milton has an over coat he
promised Rick. I'm going to
try to have him send that
to you as it would have to
be altered too much for Rick.
I'm sending the check for the
Neutrality.

I'll write more later.

Take care of yourself. What
do you need most -

Write

lots of love

Benbat
