Dear Mamie & Wesley -

I was glad to hear from you at Tomastime. I am sitting down here with Vera Winters Stevenson (Martin Winters daughter) she is very ill with an abdominal malignancy and is wasting away to nothing with pain an inability to eat. Her husband ask me to come in while he caught a little sleep -

I was glad that Mary Ida could be with I D for the wedding - glad too that Jean has another nice boy - also that Helen and you will soon be back home again -

Beulah expected to spend Tomastime with us but the floods were too much for travel. However her

and Kenedy have put the pressure  
on until Beulah will come down  
to this temple in Apr. (spring vacation)  
and do her work, and all be healed -  
I am glad as later the boys would  
be to old and have to go individually.  
The Temple is just beautiful - It is  
open to the public until Feb 23  
and will be dedicated Mar sometime  
I shall forgetten when -

You seem to be staying pretty  
well in the same place - I hope  
you like it better.

Ruby & B Lee were here fantomas -  
I put her on the plane in Long B. and  
by the time I got breakfast cleared away  
she called me from S Lake - Ruby took  
the plane here from International at 6 PM  
and at 4 PM she called me from  
NY City so you could get home in  
a few hours if you wanted to - Best of  
luck & Luck always - Ida -
