

Dingle 7-18-36

my Dear Girl:-

Have just come from the mail
forward your Gov. check. That you should
have had yesterday. Had some one gone for
mail. Well I suppose you are out of L. on your
way home. Hope you have a good trip all round.

It sure is nice to have a nice home and a
little money to spend. I was in hopes some day
I could have at least a few dollars but it
look very doubtful - Well just picked up something
~~that~~^{was} quite a surprise, in a way, to me. But it's
my way of learning a number of things, all
were wise but me. Which makes it the more
interesting. I'll leave it to you to guess. Try it and you
will find it quite interesting.

It is lousier all round the place here to day.
Am mostly alone with my photo.

The problems of life have taken on a different
view and one not so easy to handle, for me.
Some major deals in the questions that is
most near. It just makes my head ache &
I can't think so will pass it over till later.

Mon. morn. just had a dish 3" mush
and a cup of coffee. Rinsed on for washing

and now 9 Oc. cloudy & much signs of
rain. Druth raging East & hard times getting
men to hay 25[¢] per da. & no sale for Hay
Have not started haying yet & don't
feel it good. Hope you are home OK & feeling
fine and had a good trip & made it on
time. Mrs Tor Neilson is improving a little
Periculous Enema of blood & legs swollen
natural size. Chances not to good Tor is
quite concerned about her. She is Hospital
The Mountain - Has been there some Mo.
The fact as I see it. She's over the divide
and coasting down to the finish. To Bad's
Noma is ready for the wash & I'll be
on the job too

Best regards to all and
Love as ever Will.

Tues. 7-21-36

Will. did not get better off
yesterday. Was washing all day &
some washing today. The poke was on
me I put in all of my stuff but
forgot one of the main things the
rag I had on my pillow for a case
just wrapped round the pillow, so I'll have
to go till next wash day & it does not
come so soon. I have the one clean ship
but I am keeping it for an emergency. I
most all the wash as it was rinsed
and there must have been 1 doz & 1/2 pillow
ships and it impressed on me the lack
of any for me, but that - OK I am more or
less used to it & it is impressive for the
same. Norma is putting out the wash
now will have 2 lines full the biggest
wash she has done. I am expecting Elson
some of these days. I want a clean
bed for him. I am using some

on my bed & ~~He~~ will do 2 more W.
longer. and I think I will fare better than
here to fore & that will be good. Expecting
word from you to day. Have been looking
for it. The news is good news so they say
B- is in San Landro & da my you folks
to fly round like anything
Still hot here. & the sort of things just the
same. Big & lively time are looming & by & by
we will see a big change. So far can't
get men to say Look's bad. But why
worry! Well here is hoping you all received
L.B. & are feeling fine. I'll pump
up the tire & go for the mails
Say Hel Oh! & all
Love as ever
Will.
