My Dear Girl:

It is now going eleven & K.D.
has gone to bed. Mama has just fill boiler &
on stove ready for the big wash in the
morning. All things are the rush more
so than ever. Will has just got men to
head his grain, went up to da. Lyons are
running his thrasher. K.D. & M.A. been
hills all da, & killed a beef after dark
& will take it - Ed Rich early in the
morning. Since K.D. came he has
worked for me very little. Ben helping
M.A. & J.R. He is going to give 2 wk
before leaving for L.B. So all in all
I've gotten but little done this yr. I
got my 12th fall a few da. ago &
it registered strong. Am no good & have
not been since I came to B.Y. There is
so much happening it would take
a long time to tell. Weather has not
been very good this yr. & a long hard
winter look assured from my view here.
Have made no sales of any thing as
yet. May make by delay if I but

can hold out & get - the advance in prices
Boys have done nothing is getting the
place divided. It look to me they may
procratinate to long. Time moves on
regardless. I got the candy stand moved
to the ranch & want to get into a shed
if I can. I sure can't do much & stand
much less. The W.P.A. are down the
road at N. end. By Lindsay's thru
Oakes place in to the Power Co.'s ~~place~~
line. & The Old Madam man tried
& pull a smart stunt - got fooled & it
sure was good. K.D. can tell you when
he got there Tell Dada the new hands soon

Just a word about the beads

If you see some nice ones that
would make ^{things} get some &
send I may a star in the center
6 or 8 in, & some nice beads. would
help out - & also in the end of each

send what you think would do.
